

Clearly A Better Sunroof.

Webasto Air One™ Sunroofs are available exclusively through the network of Authorized Installation and Service Facilities. Numbering over 200 locations throughout North America, the Webasto Authorized Installers are the most professional, competent companies in the restyling industry. New car dealerships are always well served by Webasto and the network of Authorized Installers.

Air One™ measures a full 19 3/4" x 33 1/2".

The **Air One™** is a factory sunroof for:

- Buick • Chevrolet • Ford
- GMC • Honda • Isuzu
- Lincoln • Mazda • Mercury
- Oldsmobile • Toyota

WEBASTO's Air One™ Sunroof is equipped with a Headliner Support that maximizes internal headroom and gives a clean factory-look finish.

Air One™ is backed by a Nationwide limited Lifetime Warranty. Parts and service are available worldwide for Webasto sunroofs.

◆ Air One™ from **Webasto** offers the same *or more* features than found on factory sunroofs. ◆

Integrated Wind Deflector

Integrated wind deflector pops up automatically when the glass is opened and helps to reduce unwanted road turbulence.

Air One™ is a user friendly sunroof that offers a convenient illuminated switch that vents, opens with single-touch, and closes the sunroof.

Venting Glass Feature

The Air One™ offers the venting glass feature, perfect for a little fresh air while driving or parked.

Air One™ offers a big view of the world.

Air One™ has a factory-look appearance on the inside with the sunshade open *or* closed. The deep-tinted sunroof glass panel offers UV and Infrared protection while letting you enjoy light from the outside world.

Sunshade will perfectly match the interior.

WEBASTO sunroofs are backed by a limited **Nationwide Lifetime Warranty.**
